

Amendment under 37 CFR 1.111
Application No.: 10/538,654
January 11, 2008

REMARKS

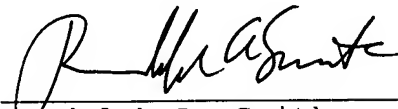

By this amendment, claims 1-22 were cancelled in the application. Currently claims 23-29 are pending in the application.

Claims 23-29 were provisionally rejected on the ground of nonstatutory obviousness-type double patenting as being unpatentable over claims 1-13 of copending Application No. 10/538,407. Applicants hereby submit a Terminal Disclaimer to obviate the double patenting rejection over this patent application. In view of the claim amendments and this Terminal Disclaimer, it is submitted that the rejections under the doctrine of double patenting should be withdrawn and claims 23-29 should be allowed.
